LIGHTS, CAMERA, ACTION

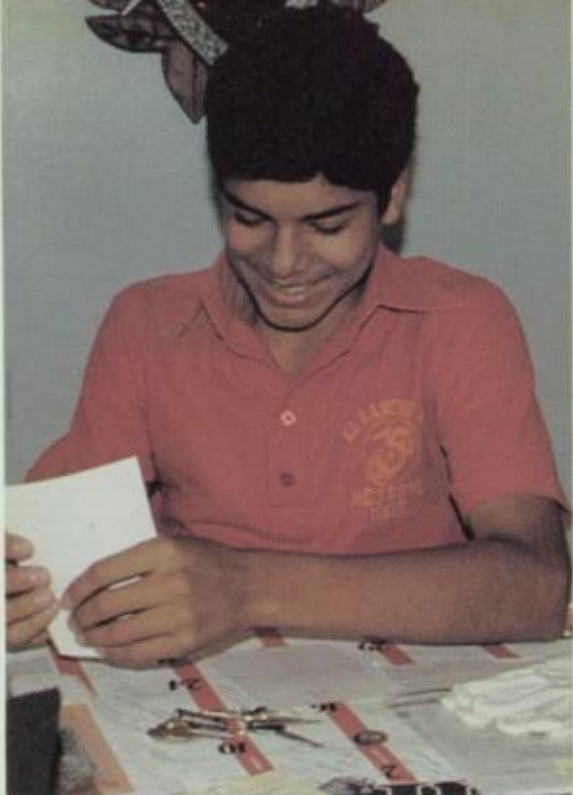

OPENING

NIGHT

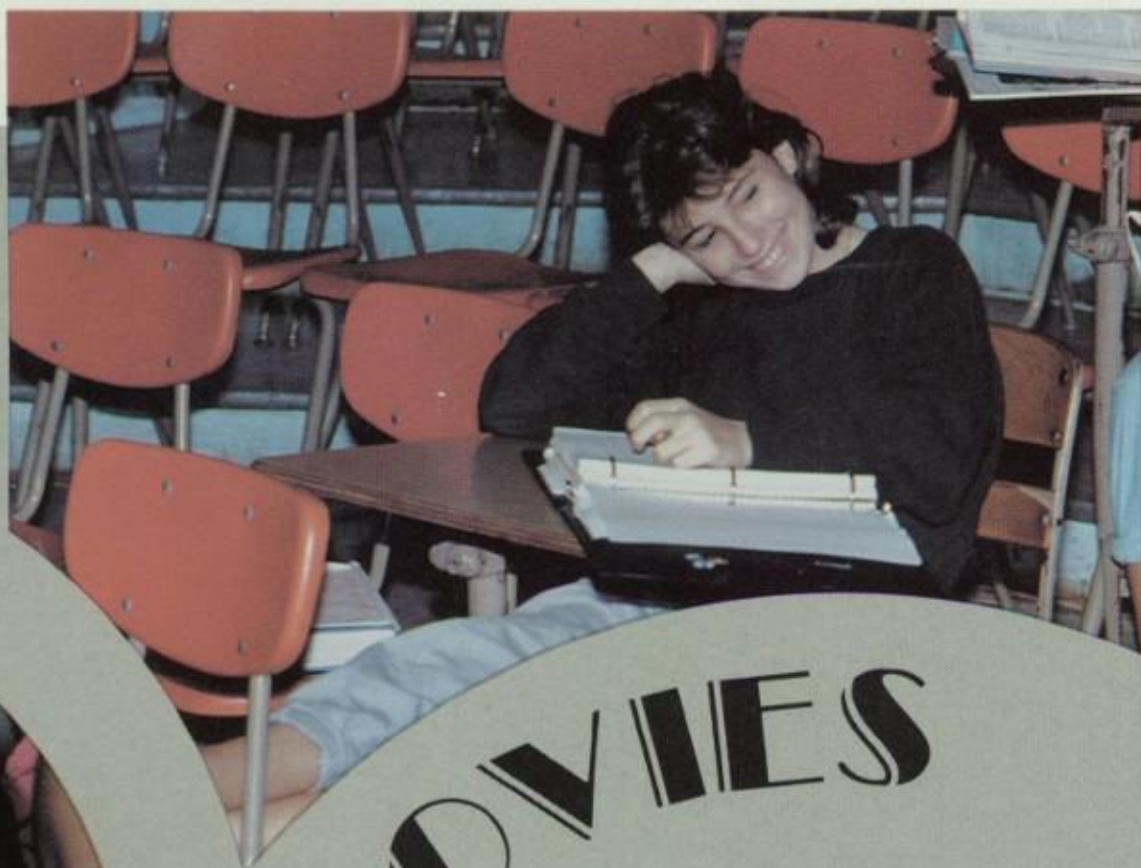

AT

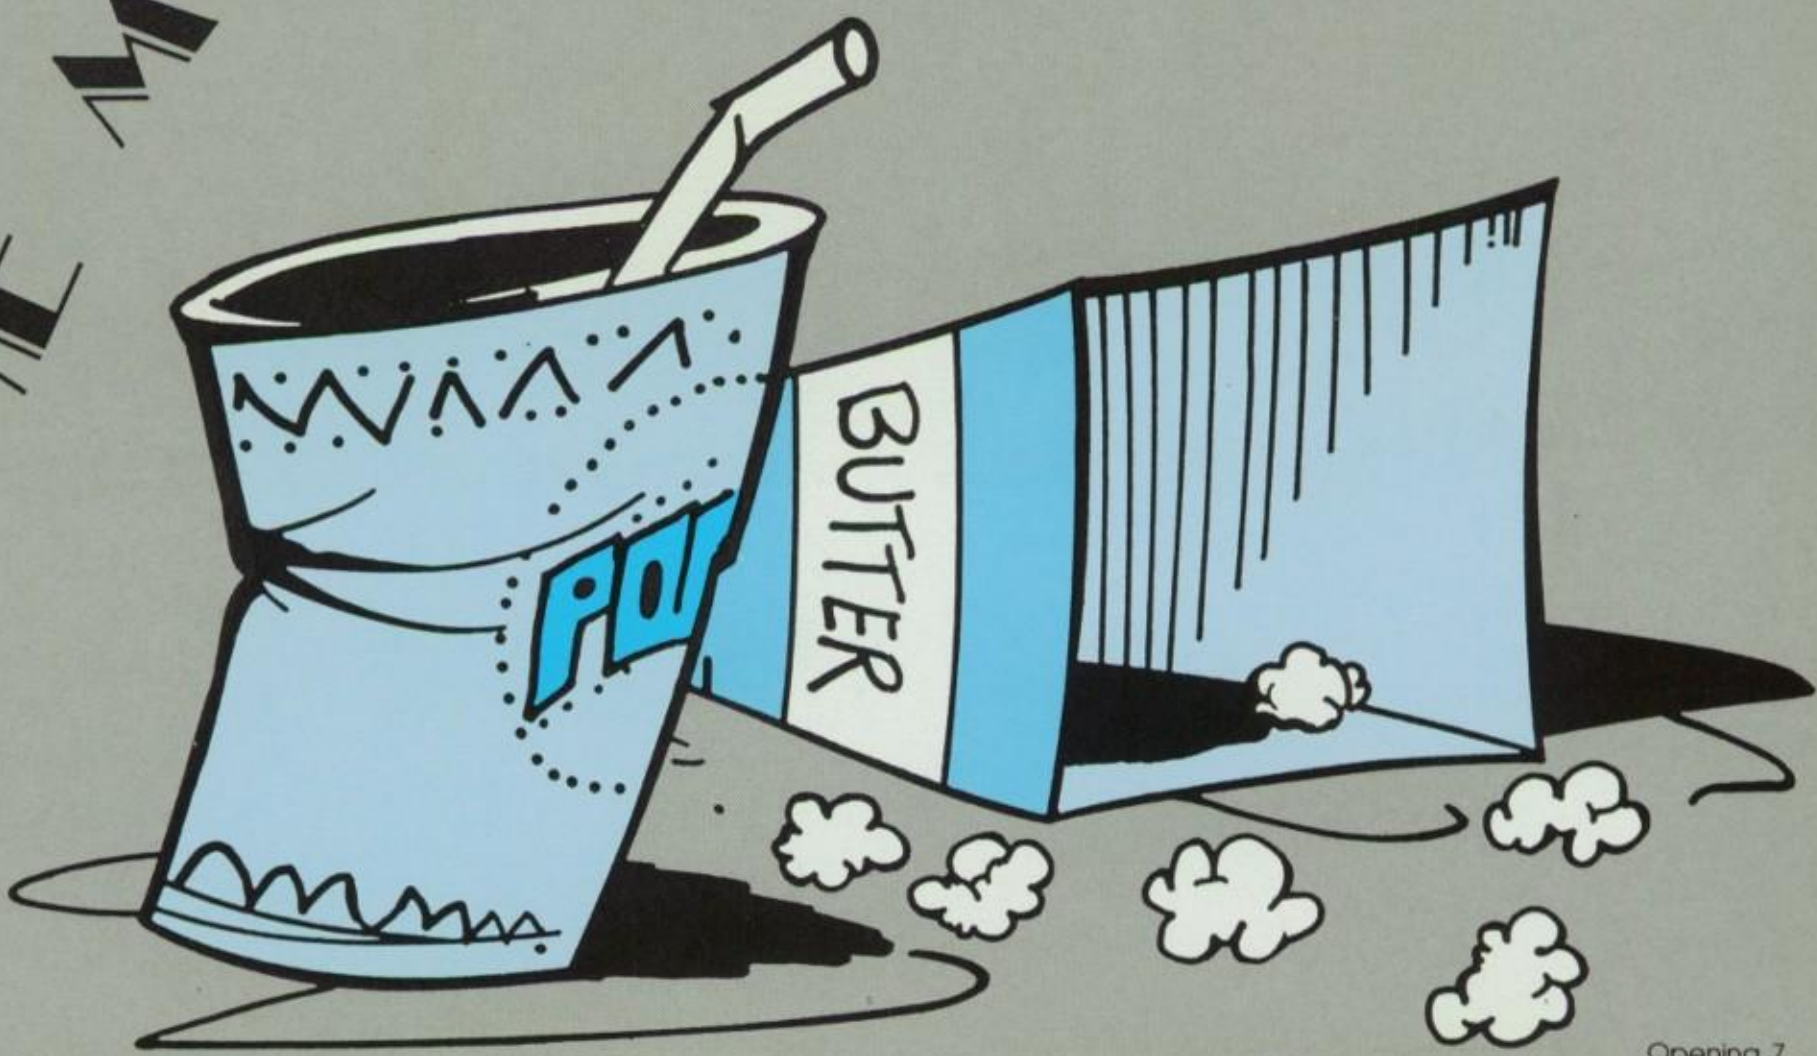

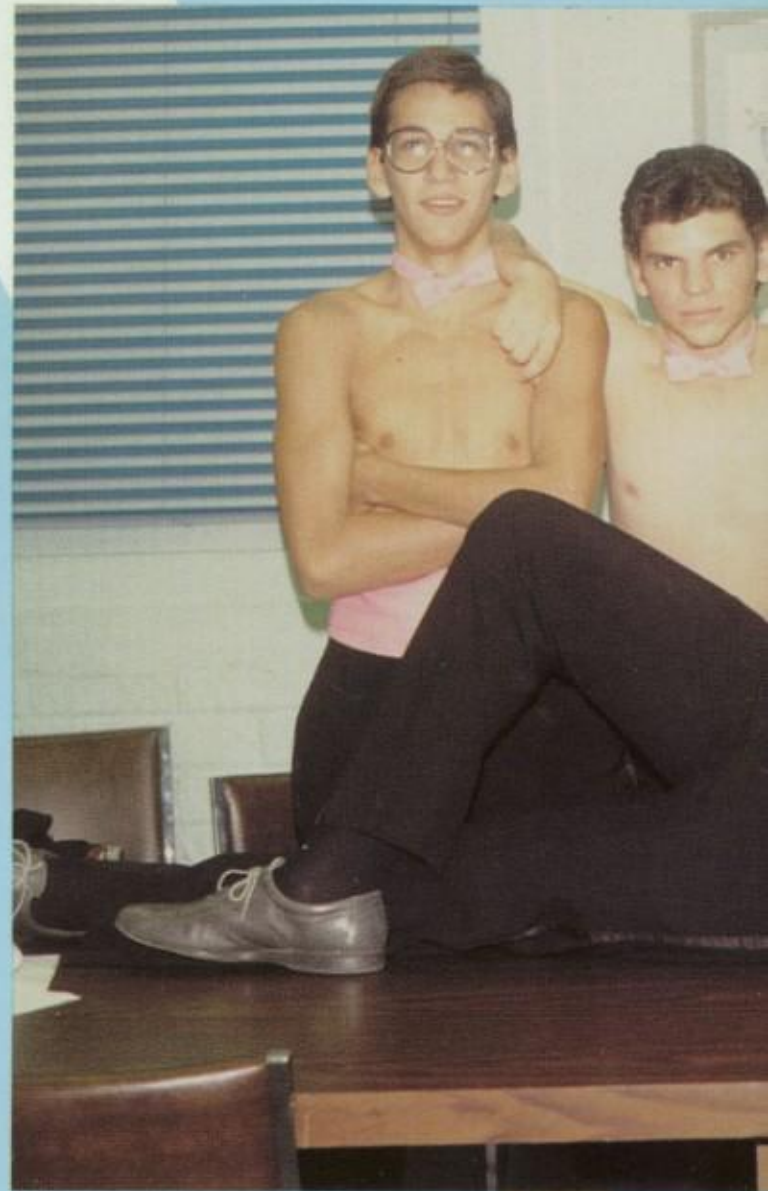

The school year of 1985-1986 proved to be an exciting one with plenty of events to capture everyone's attention. The welcome assembly gave the Dons a glimpse of what was to come for the rest of the year with the Sophomore class giving the other classes a run for the money! Yet, it didn't take long for the newest group of talent, the Freshmen, to get

their act together to steal three first places at the night pep rally. Coming back stronger and larger in force, the El Rancho Drill Team this year was doubled in number. For another year, the virtually unbeatable Don Football team, went all the way to CIF. With these results from the start of the year, the future for El Rancho looked very promising.

MOVIES

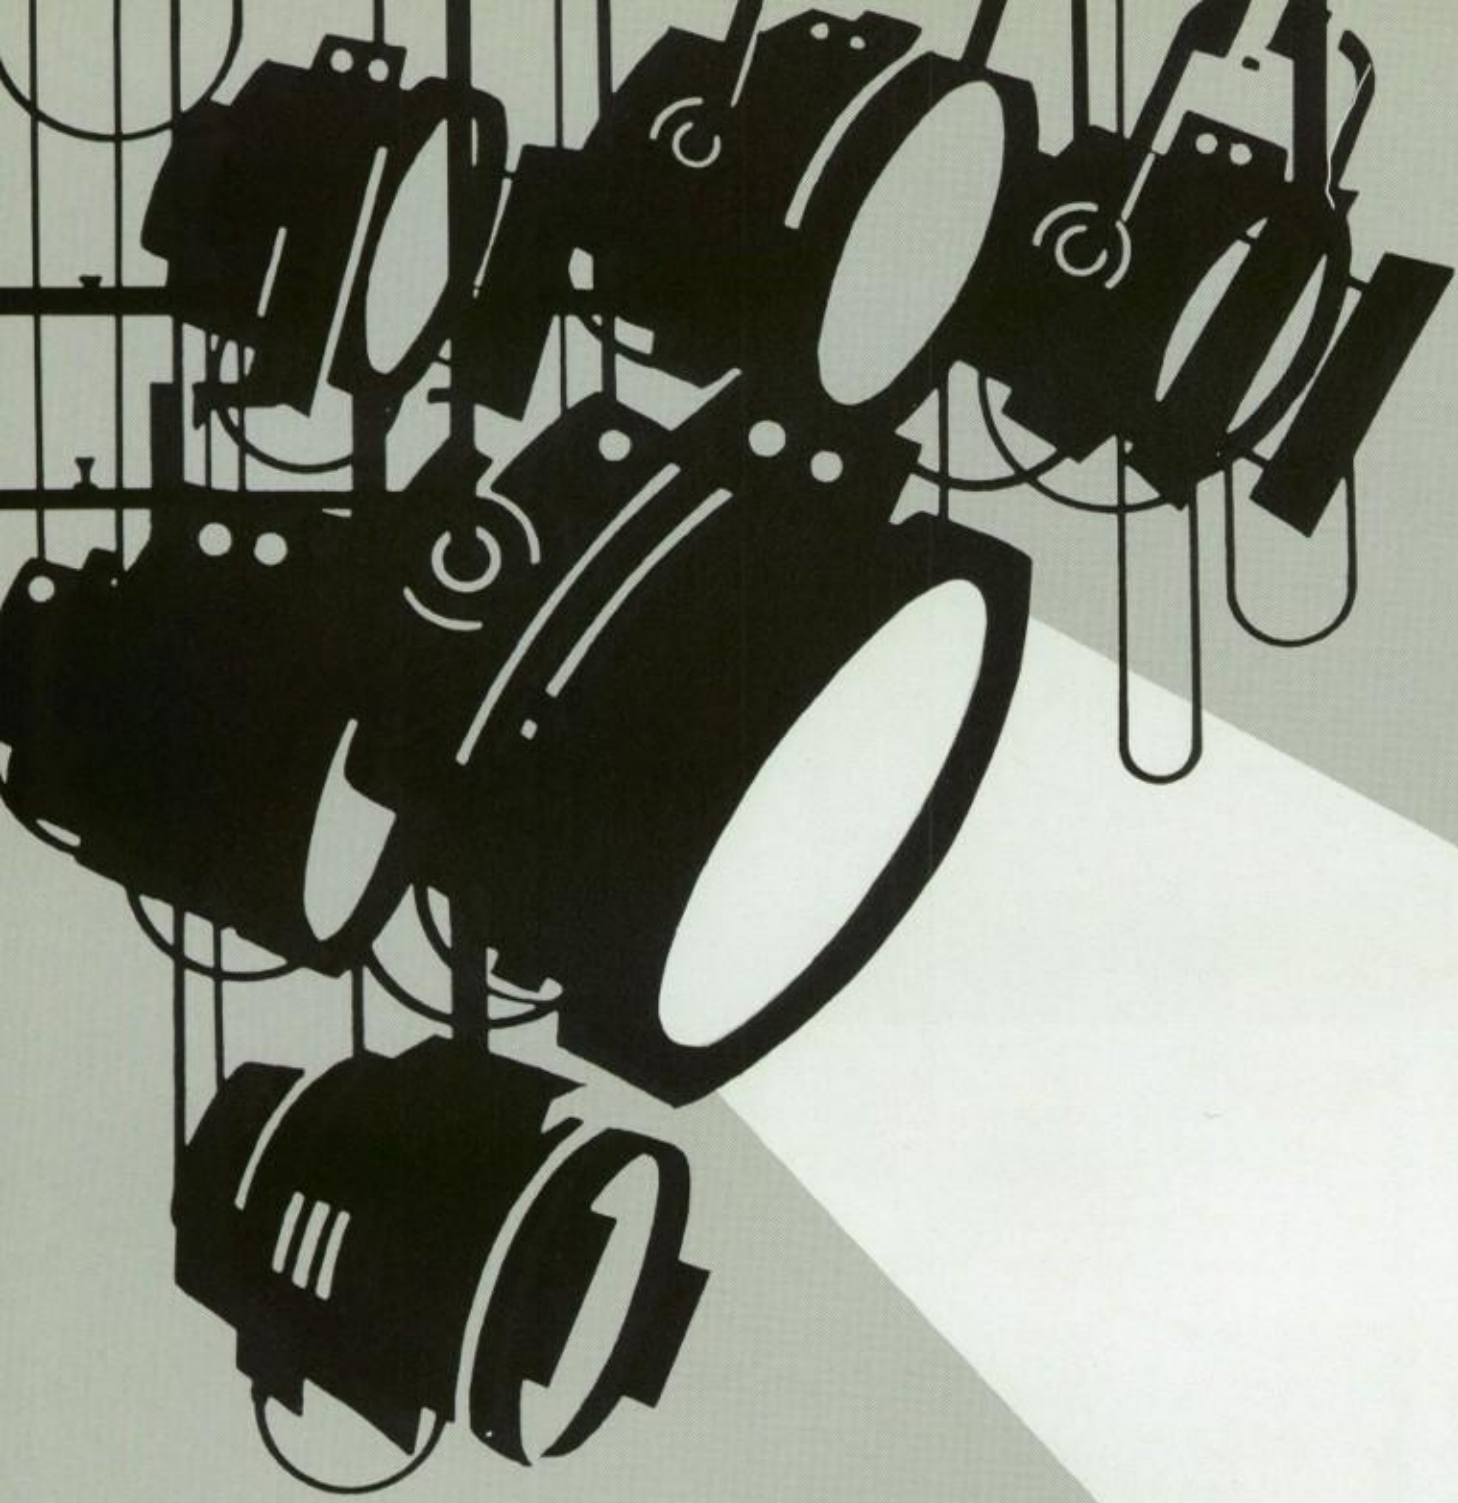

NOW SHOOTING

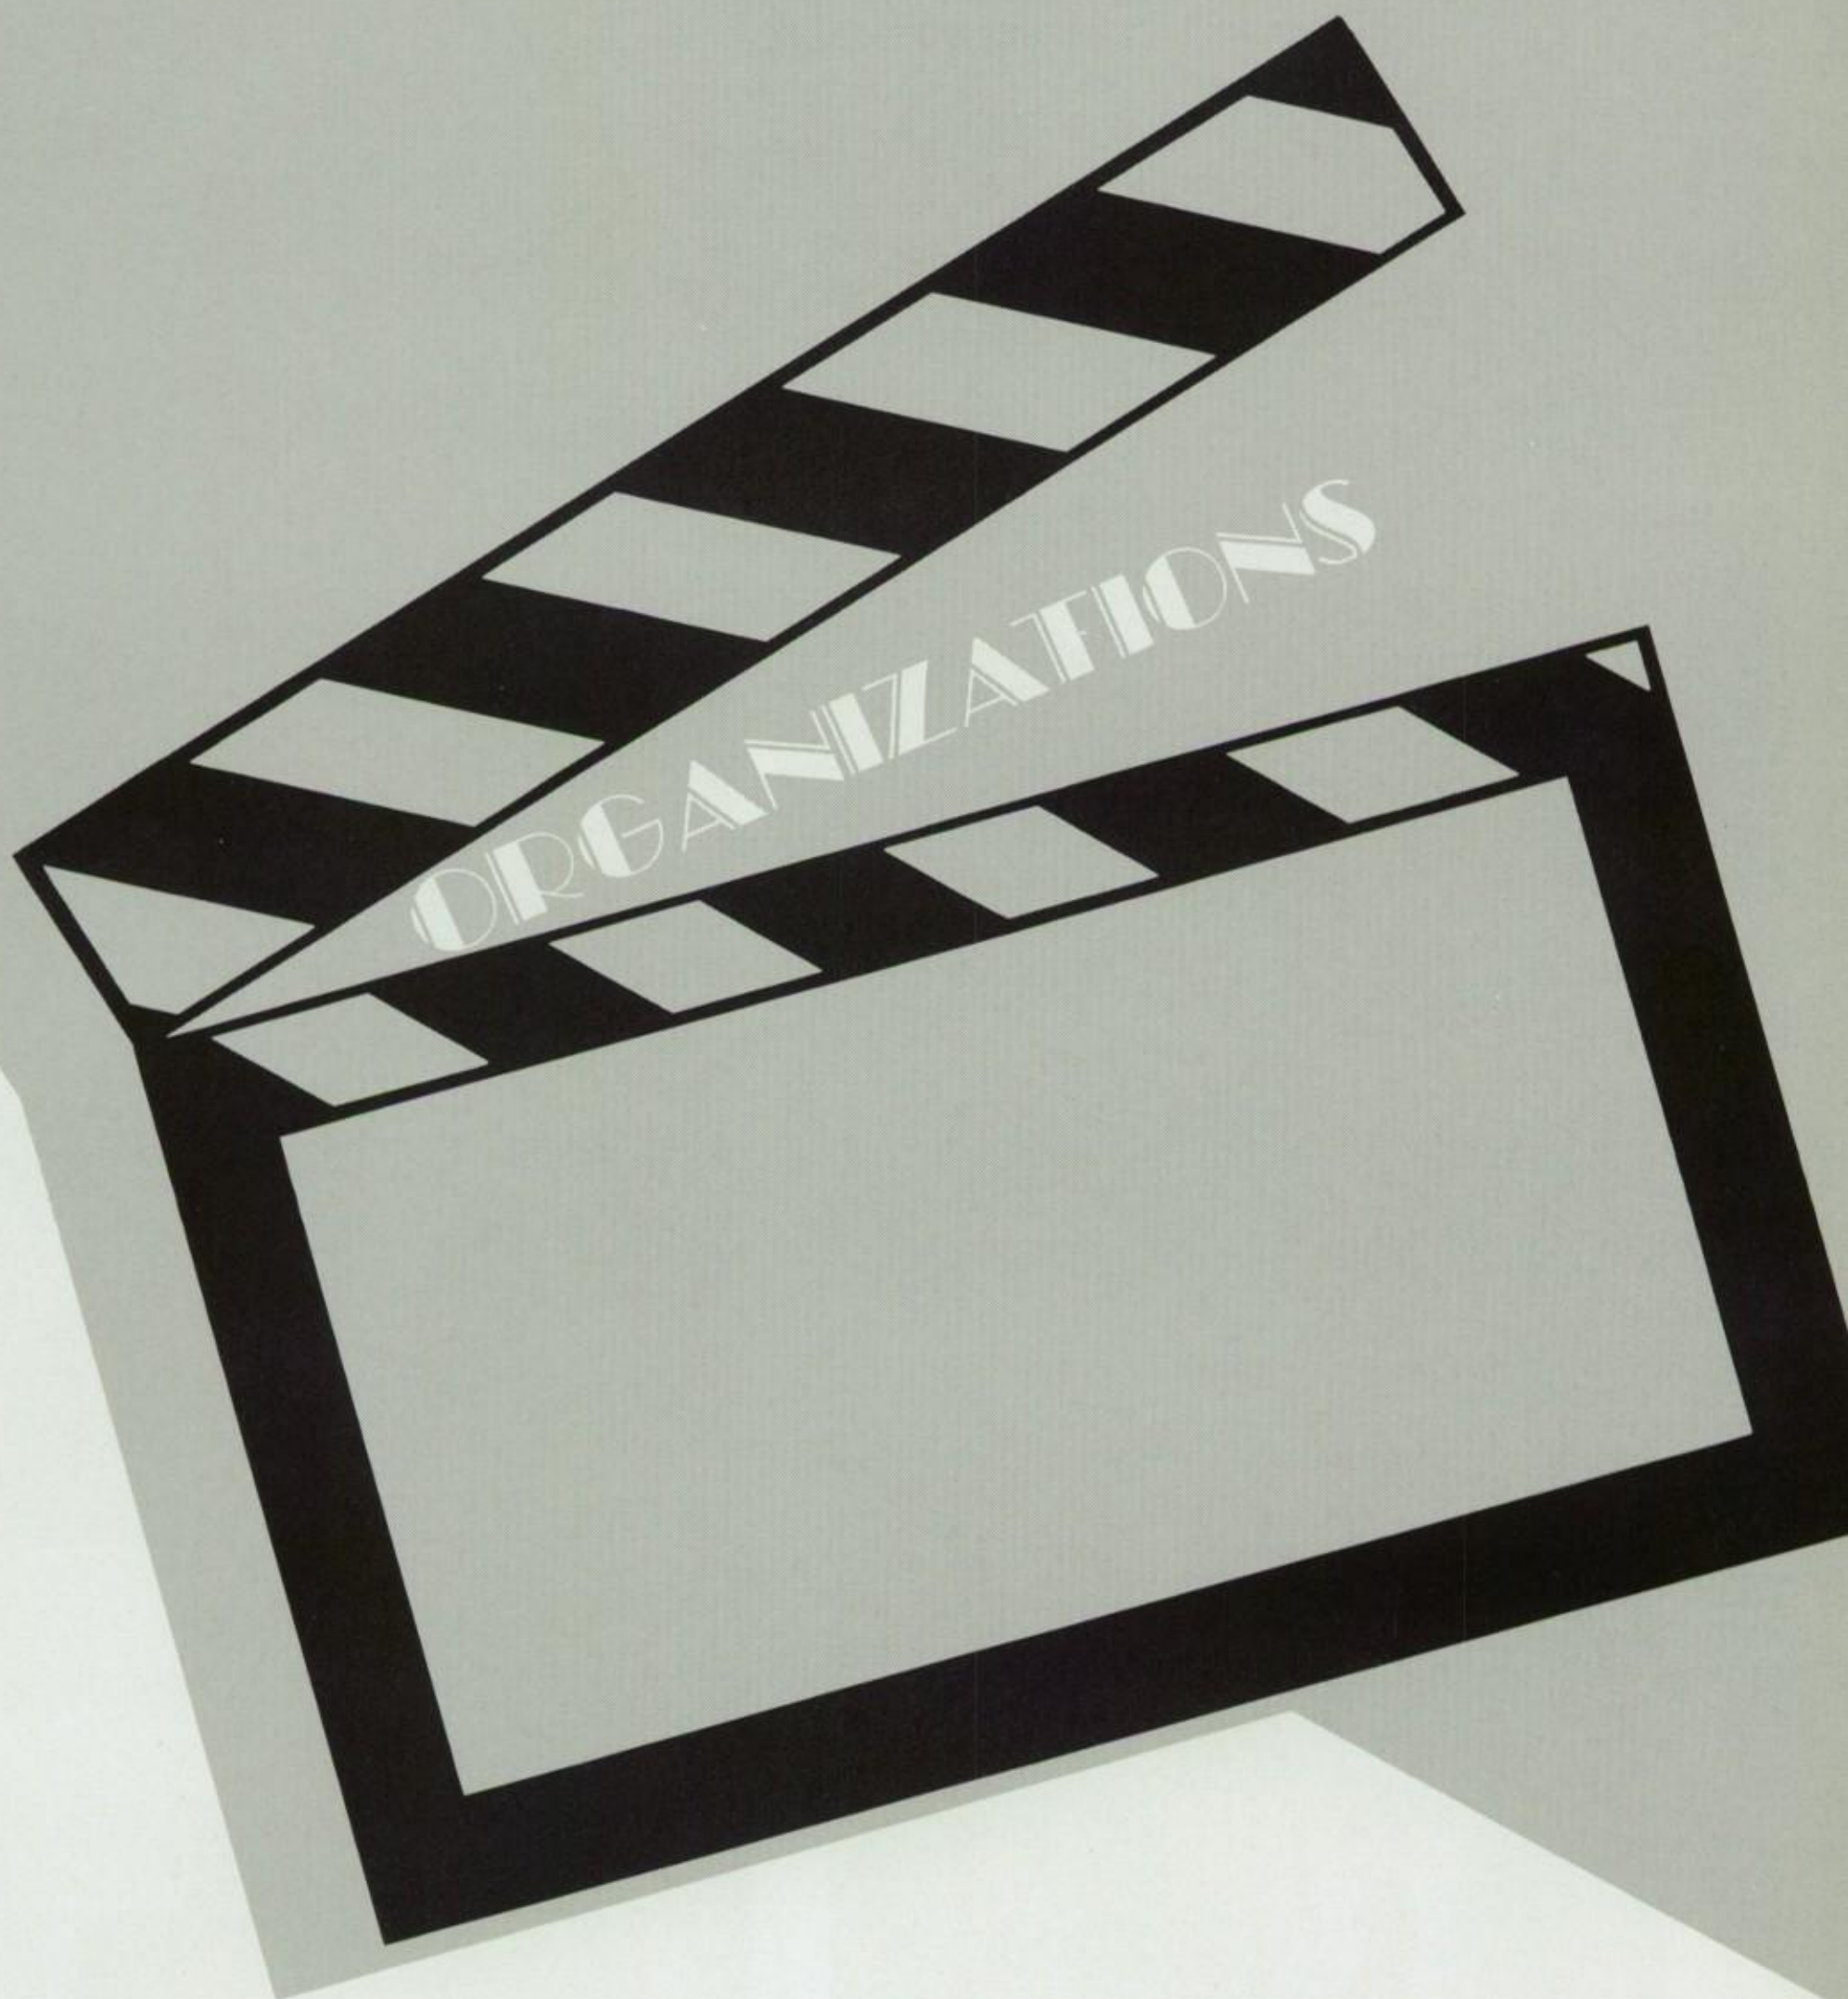

The routine of an average school day: sometimes boring, often endless. Yet when that routine is caught on film, it can be transformed into something exciting and magical through the camera lens. With the capture of every detail of its subject, the camera can perform miracles in its transformation of the dull into something vibrant, active, and attention-grabbing.

Here at the Ranch, you will find plenty of action. Ranging from band to sports, there is a wide spectrum of activities available to provide plenty of action. Whether it be one of the various sporting events that take place almost every-day at school or a club meeting held during lunch, you will be sure to know the Dons are always present, providing stiff competition in sports or just plain good old-fashioned fun and frolicking at the club meetings. You can't help but notice that the entire school is alive and active in many ways. Even the faculty gets involved when the action is intense and competitive. While all this fun goes on, the magic eye of the camera has been rolling and clicking, capturing all of the action-filled adventures of the Dons' daily school life at the Ranch.

The El Rancho Drill Team in their blue, silver, and white sequined uniforms, led by leaders **Christine Rico** and **Lourdes Dominguez**, marched through the school year. Incorporating the use of jazzercise aerobics and created dance routines, the Drill Team continued with its new tradition of a dance group. Before the school year even began in September, the girls attended camp in the summer. Since it was their first time at camp, it was an entirely new experience for the girls. The Drill Team also went to competition this year, placing second at the Arroyo Fall Competition. With an increase in membership, the Donnettes were able to perform with the precision of a marching unit even with the more difficult moves and the modern dance steps. With the organization and direction of **Sandra Wilson**, advisor to this year's Team, the girls worked very hard and put their time and lots of effort into supporting the Dons with their half-time and pre-game performances.

Showing their Don pride at a football game are **Lourdes Dominguez**, **Holga Moreno**, **Raquel Arismendez** and **Lisa Dame**.

The Drill Team members bury themselves in pom-poms at the Welcome Assembly. Proudly marching at one of their half-time presentations, the drill team displays their poise and beauty.

COME TO THE CABARET

SIXTH PERIOD RACE FOR THE PAPER CHASE

With the expansion of Newsstaff, the staff members, led by advisor **Tim McMullen**, made their mark and left their print on the monthly issue of the school newspaper. Everyday, the staff would congregate to plan what would go into the next issue of *El Rodeo*, El Rancho's one and only official newspaper. As always, *El Rodeo* had the latest news about the Ranch what was going on around the campus, and what was upcoming. The latest breaking news and information was sure to make an appearance, not to mention headlines in every issue. *El Rodeo* not only contained El Rancho news stories but also movie reviews, editorials, sports, and features. If you happened to walk by the X building one day afterschool, you might find one of the *El Rodeo* reporters pounding madly at the typewriter, writing copy for a news story, or another member of the staff furiously scanning the copy, proofreading for misspelled names and words before everything went to the press for the final printing.

Grace Volkov takes time out for a laugh while **Josie Cerecedes** checks copy.

PAINT YOUR WAGON OR

Monday afternoons are a busy time for about forty young ladies. Sign painting and card stringing in the balcony of the gym were on the afternoon's agenda. In order to be members in good standing, those who joined pep commission needed to attend at least three sign paintings, sell candy apples, and sell Homecoming ribbons. Under the leadership of Commissioner **Susan Santiago**, these enthusiastic students created colorful and creative signs for our athletic contests.

Teamwork is the key for **Belinda Juarez** and **Kim Arriola**.

Toni Arizmendi, Michelle Esparza and **Deborah Salas** decide what to put on their next sign.

THERE ARE LADIES, TOO

At El Rancho, some of the most hard working and disciplined students on campus are the members of ROTC. As part of a highly organized and directed group, under advisors **Captain William Steinken** and **Sergeant W.M. Miller**, the cadets performed many of the school's patriotic duties. Every morning, they would be involved in the daily raising of the flag in the quad while the national anthem was being played. The Color Guard members were the ones who presented the colors at the assemblies, football games, and parades. The members of ROTC were not only taught precision marching, but also self-discipline, responsibility, self-reliance, and leadership. Despite the long hours of practice for competitions and parades, the ROTC traveled to Hawaii during Easter vacation.

Leading the way this year at parades and half-times, the band auxiliary unit, consisting of the Banner Carriers and the Tall Flags, paved the road to a good year for the Dons. Under the direction of advisor, **Sandra Wilson**, and each group's respective heads, **Patty Montes** for the Banner Carriers and **Rosa Angulo** for the Tall Flags, the band auxiliary staged many fine performances, practiced, and competed in competition. At the Arroyo Fall Competition, the Tall Flags claimed the second place title in their division. If the auxiliary unit was not seen on the football field at a home game during half-time performing a routine with the Don Band, they would be found at the gym during lunch, in a noisy pep rally, promoting cheer and spirit. Both the Banner Carriers and the Tall Flags spent a part of their summer at Hibbard's Camp. During their stay at camp, both groups spent their time learning routines and gathering new, innovative steps and intricate moves to liven up their routines and performances. After all that they've accomplished, the band auxiliary unit was no doubt a hit parade in itself.

WITNESS A GROUP

When you hear the word PEPSTER around campus, you almost always think of pep rallies, football games, and assemblies. What no one realizes is that these Pepsters put in countless hours of hard work, sweat, and tears into the routines they perform at the various activities held year round. It is hard to pinpoint the exact number of hours a Pepster has to put in to create a routine, set it to music, and practice it until near perfection. To the average observer at an assembly, the routine looks effortless. That is only because of the girls' effort and dedication to work together as a group.

Displaying their beautiful smiles before the start of a pep rally are the Songleaders.

Annette Garcia shows off her true blue Don pride at a football game.

Excited and proud, the Flagsters perform well at the Welcome Assembly.

Yell Leaders, **Sandra Takatsuka** and **Annabella Ordenez** perform with precision.

OF DEDICATED WORKERS

In order to achieve their military precision and accuracy, the Pepsters practice everyday during second period and after school. They also attend a Pepster camp in the summer. Even though camp was a lot of work, each Pepster gained valuable experience. The group was taught new routines in which they learned and gathered new ideas and techniques. The experience at camp seems to have paid off this year. A big hand for the Pepsters!

LISTEN TO THE MUSIC, STRIKE UP THE BAND

Danny Rivera joyfully plays his favorite tune, Tequila.

The most ambitious project for the El Rancho Don Band this year was a parade, two parades to be exact. On December 7th, the band traveled to El Monte to participate in a morning march and then to West Covina that same day for a Christmas Parade held at night. The student directors this year were Drum Major **Stephanie Rodriguez** and Assistant **Andy Castorena**. Under a new advisor, **Steve Coyne**, the band performed at half-times and pre-game shows during the football season. In the second half of the school year, the marching band became the concert band. The members in the band then performed for the Dons in the spring concert held in April.

Maxine Gill, Jose Betancourt, Tina Castorena and **Danny Rivera** proudly march on the Don Field during half-time.

Playing short tunes during time-outs is fun for the band.

Mr. Coyne skillfully directs the band with his expertise.

AROUND THE WORLD IN EIGHTY DAYS

1986 was quite a challenge for the Travel Club. The club members showed much enthusiasm for the new year. They knew that it would not be an easy road for a club that's only two years old. The purpose of the club was to acquaint members with the use of a map. As a learning experience, the club taught its members how to get around with only change and a bus schedule. Most of the traveling was accomplished through public transportation, the RTD bus. Thanks to advisor **Dan Yoshimoto**, the club has been able to experience traveling in a large group. President **Antonio Vargas** and Vice-President **Flor Minjares** contributed much effort in choosing different and diverse places for the club's excursions. These trips included places such as Chinatown, Olvera Street, Hollywood, the Main Street Festival, and Catalina Island. Money from candy sales contributed to an end-of-the year dinner.

ASIAN STUDIES TAKES THE HIGH ROAD TO CHINA

On campus the first time, the Asian Studies Club got its start through the efforts of advisor **Dan Yoshimoto**. The club was formed to promote the culture of Asia and to allow non-Asian students to share ideas of different Asian cultures with other cultures of the world. The club's activities included field trips and banquets that were held approximately every other month. The trips were often in conjunction with the Travel Club, another of **Mr. Yoshimoto's** projects. This year, field trips were planned for Little Tokyo and other Asian communities in Los Angeles including Chinatown for the Chinese New Year. Preparations for an Oriental Pot-Luck were under way at the end of the year. Each member was to bring an oriental dish for this event. This year's officers were President **Jui-Ming Shih**, Vice-President **Jose Aguirre**, and Secretary/Treasurer **Julio Cortes**.

They began preparations during the summer by attending summer school taught by Coach **Doug Anderson** and continued their studies up until the test date. The Academic Decathlon team, comprised of six Seniors and three Junior Alternates in the Honors, Scholastic and Varsity divisions, competed against fifty-five other high schools in the Los Angeles County area, placing fourteenth overall. The ten events of the Decathlon were Math, Science, Social Science, Economics, Language and Literature, Fine Arts, Speech, Essay, Interview, and a Super Quiz on the subject of Immigration. In the various divisions of the competition, El Rancho finished second to Beverly Hills in Social Studies. The top scoring student of the team was **Martha Salas**. The top scoring students for the Super Quiz was **Noel Aguilar** and **Julius Jarrin**. Individually, **Brian Rivas** placed second in Essay and **Noel Aguilar** took second also in Language & Literature. In the alternate category, **Steve Viscaina** was first overall, placing first in the Varsity division in Social Science, Economics, Language & Literature, and Essay. He also took second in Math and Fine Arts. For the Scholastic division, alternate **Mark Castillo** placed first in Science.

CLUB ESPANOL: ALL THE RIGHT MOVES

In 0-4 every other Tuesday, the Spanish Club brought its many members together for a meeting. At these meetings, President **Josie Cerecedes**, Vice President **Sandra Infante** and advisor **Angela Beni** held discussions on projects for the various fund-raisers and set up plans for future meetings. All the money raised from the candy sales and the stuffed animal sales contributed to the tradition of presenting carnations to the teachers on Teacher's Day in March. The International Banquet, held at the end of the year, brought the other language clubs at a gathering that introduced each member of the respective clubs to a different and unique experience in the world of cuisine.

Under the new direction of Miss Sandra Wilson, these ladies pooled their natural talents to create their unique sound. The Choraleers entertained audiences at The Rivera Women's Club. They also had the opportunity to perform at Universal Studios during the Christmas Season. Of course, the Choraleers were always a special treat at assemblies here at El Rancho.

France is probably one of the most interesting, glamorous and beautiful countries anyone could possibly visit. It was no wonder that there were many students eager to be a part of the French Club at El Rancho. As members of this club, students had the opportunity to be exposed to the various facets of French culture. Some students even took the opportunity to spend their Easter vacation in France. Under the direction of advisor, **Edwina Rollo**, French club President **Hugo Juarez** planned many fund raisers for the club's outings, such as a trip to The South Coast Plaza and to Huntington Beach for the Christmas Cruise of Lights. The International Banquet was a great way to top off a successful year. It did not matter if you had never spoken a word of French in your life. A good time was always possible with the French Club.

The French Club Officers are Vice-President-**Keith Rand**, Treasurer-**Efrain Garcia**, and President-**Hugo Juarez**.

DAS BOOT (AND CREW)

The German Club experienced many exciting adventures this year, led by President **Saul Rico** and Vice President **Lonnie Olivas**. The German Club raised money through candy sales to go on various trips. The Phoenix Club, an organization for people who wish to experience being in a German atmosphere, was one of the places the German Club visited this year. The club also went to the Hofbrauhaus, where they ate, drank, danced, and sang in German. A portion of the German Club's funds also went to buy German dictionaries and to subscribe to Dunte, the German equivalent to Life Magazine. Of course, each year the Club members accompany the French and Spanish Clubs at the International Banquet where they indulge in unusual foods and top it off with a night on the town.

"Back by Popular Demand" was another box office hit as well as the biggest production of the year for the producers in fifth period Annual Staff. The debut would not have been possible without the diligence, dedication, and hard work of the staff members. Each member contributed individually to the outcome of this year's Por El Año. Advisor **Julie Ellis** the "Director" of the entire show, prodded all of us on to the final take. Editor Lia Lopez kept everyone together especially when copy, layouts, headlines, etc. had to be completed in time for deadlines. A collective sigh could be heard when the finale was filmed.

Michelle Rivera knows that a sense of humor is necessary to make it through a day.

A.P. Club Row 1: **Letty Gonzalez, Maria Martinez, Albert Ayala, Jose Fernandez, Suk Jin Hong, Flor Minjares, Dharmendra Bhakta, Robert Davis, Ernest Gevara, Huong Le, Jason Molina, Karen Mainer.** Row 2: **Dat Pham, Stephanie Rodriguez, Aimee Lee, Martha Salas, Elizabeth Zavala, Allison Agajanian, Julio Cortez, Lupe Infante, Mark Castillo, Jose Aguirre, Jul-Ming Shih.**

This year at the Ranch, there were several new clubs that made their debut on campus. One of these new clubs was the A.P. (Advanced Placement) Club. This club was founded and organized by Mrs. **Karen Mainer**, the Advanced Placement Biology teacher who formed the club to give students who are interested in taking the exams more help and information about the tests. The club primarily sold candy and used the money to pay for the cost of the examinations and for preparation materials. The Advanced Placement exams are an excellent chance for a student to earn college credit. The tests are offered in mid-May and scored on a one to five scale, with a score of a three or higher considered passing. The A.P. Biology and Spanish 5 classes are the only year-long preparation classes offered at El Rancho that are Advanced Placement. The tests for this year include Biology, Spanish, American History and Pascal, from the eighteen available.

The Guitar Club Row 1: **Ralph Garcia, Steve Rodriguez, Yolanda Avila, Tony Salas, Maio Gonzalez, Andy Segovia.** Row 2: **Tom Macias, Mario Caballero, Mike Morales, Jose Espinoza, Robert Espinoza, Leonard Trujillo, Ralph Davis.**

Another club that made its debut was the Guitar Club. Organized by **John Glenn**, a former professional guitar player, the club was formed to expose new guitar players to various aspects of a professional musician's career and to provide a learning seminar for the players. Information about the different types of music were made available to each club member. The meetings are held every two weeks so that the players can plan for guest speakers who are professional players. For its first year, the club's goal was to organize several concerts for El Rancho's student body. These concerts would provide the guitar players with exposure to a live audience and also give them a chance to show off their talents.

THERE'S NO BUSINESS LIKE SHOW BUSINESS

Out of the many clubs and organizations at the Ranch, one of the most active groups on campus is the Drama Club. Among its activities which include the usual fund-raisers, members got together at lunch for the Lunch Bag Theater. The Theater gave the El Rancho student body a little taste of the talent here at the Ranch. Improvisations tested the imagination and creativity of the actor/actress on stage while at the same they earned revenue. As well as being creative in raising funds, the club journeyed to several movie studios to watch the taping of such shows as "Webster," "Silverpoons," and "Mr. Belvedere." During the Christmas holidays, a few Drama students had the opportunity to travel to New York. These fortunate few were also present at Times Square for the descent of the Big Apple and the arrival of 1986.

Officers-Secretary of Treasure- **Regina Lucero**, President-**Eddie Gonzalez**, Advisor-**Marlon Brando Wlasick**, Historian-**April Upton**.

Improvisations can become violent demonstrated by **April Upton** and **Frank Toledo**.

What do these people have in common? They are part of the extra curricular activities program at El Rancho. Whether in uniform or "civies", people who spend those extra hours at the Ranch are proud of their accomplishments. Those who become involved know there is more to school than six periods of classes. Social interaction and feelings of accomplishment are only part of what people receive while interacting after school hours. Is there anything else? Just one look at these faces answers the question.

YOU LIGHT UP MY LIFE

SENIORS

THE SENIOR STARS SHINE BRIGHTLY ON THE RANCH

To the Class of '86,

It has been a long, hard year and we've been through some rough times, but we made it. We are now graduating from what I truly believe is the best school around. I had the opportunity to attend another school at the beginning of my sophomore year. While I was there, I felt as if I had lost a good friend, this school. When I came back, I made a promise to myself, to do something for this school and the people in it. We were the leaders of El Rancho, this year, whether it seemed like it or not. We set the trends and styles. Sure, the sophomores and the freshmen were there in numbers. But when it comes right down to it, it is we whom they looked up to.

I'd like to thank my friends who really helped me when I needed it. Also, I would like to thank Miss Ellis for showing me the importance of courage and good humor (and fear!). Thanks also to Mr. Wlasick, our advisor, and finally to you, the Senior Class. Thanks for making this one of the most eventful and fantastic years of my life.

Adios, Compadres,
See you in ten years,

Ernie Holguin

It seems as though it was just yesterday when the members of the class of '86 first entered the gates of the Ranch. They did have one advantage though, they did not have to start at the bottom. The year they came to El Rancho as Sophomores was the time a freshman class was added at E.R. for the first time in twenty years. As Sophomores, they were not picked on by the upperclassmen, but instead treated with more respect. As a class, they had their setbacks; but it was not because they chose to sit back and let things happen. They showed their spirit and pride in every aspect of life at the Ranch. They became involved in the clubs on campus, activities and sports. Even though all did not participate, they were proud of and cheered on those who did.

THE YEAR OF LIVING DANGEROUSLY

As the Seniors head for graduation in mid-June many will have fulfilled the numerous requirements of graduation. To be able to receive the coveted diploma, a Senior student must have taken the required years of English, Math, Science, and History as well as the various other elective courses needed for credit. The Proficiency tests were also part of the requirements since all Seniors had to have passed all three to be eligible for a diploma. Those Seniors who planned to attend college had even more pressure than just High School requirements. They needed to take the Scholastic Aptitude Test (SAT) or the American College Test (ACT), the Achievement tests and the California Assessment Program (CAP) test. The one test that every graduating Senior should have taken, whether or not the student took any of the college tests, was the CAP test. Administered by the state, the test rates all high schools in California according to the students' scores. The high test scores grant the school district more money for the high school. When the school scores well in the test and improves each year, it is something to be proud of. As we are reminded each year by Principal John Sherman, El Rancho has steadily increased its score.

THESE ARE THE BEST OF TIMES

The high school years, especially the senior year, are the ones that leave the most cherished and lasting memories. Those who do not get involved in their early years at El Rancho usually take advantage of the opportunities given to them during their last year at high school. Those who missed the prom in their junior year find that their senior year is the last chance for a valuable memory. Powder puff, coed capers, and sports also give many opportunities to make new friendships. The long, hard hours of practice needed for these activities bring people together. Are these the best of times? You bet!

A MAN FOR ALL SEASONS

The last year of high school.
The title of Seniors at last.

Faced with the decision, "What am I gonna do after high school?" Seniors begin to seriously ponder their alternatives, either work or college. No matter what their choice is, they will have to start out at the bottom of the ladder once again as a prospective college freshman who before being accepted to a college have to worry about SAT scores, college applications, and GPA's. Without the help of the College Career Center, many Seniors would have plunged blindly into their futures. There were others, however, who preferred to join the rat race of the work force. In planning to work after high school, these students took advantage of the various courses designed to help them obtain jobs once they graduated. In both cases, life after high school will no longer be an idyllic, carefree, and fun-filled world to live in. Before you know it, the Senior year is up and we are faced with the real world of tough competition. To combat this, many Seniors are taking the right step by planning or mapping out their future.

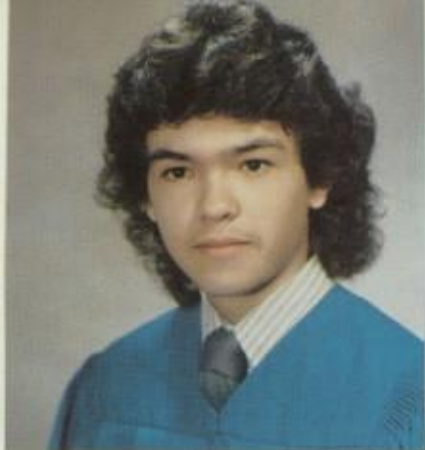

With the help of a cleaning solvent, **Manuel Alfaro** begins to create a masterpiece from clay.

THE LONGEST DAY

For many of us, dedication means working hard at something until it has been accomplished. For others, it represents commitment and loyalty to what they value. Students participated in the class skits, the pep rallies, the various sports, and other extra-curricular activities devoted to promoting the Don pride and spirit. Despite setbacks, the Seniors surged on with more determination and dedication to prove that they would not sit back and be beaten. They displayed much enthusiasm and spirit, giving their all. During the various school activities including class skits and homecoming games, the Seniors displayed much enthusiasm and spirit. They did their best to ensure that their last year of school at the Ranch would be fun, memorable, and best of all dedicated to be the best year of high school. Let us applaud those who have devoted themselves for the betterment of the school. Encore! Encore!

LASTING RELATIONSHIPS

Friends are one of the most important things in life. Here at the Ranch, many of us have had the opportunity to discover this special, close relationship. Making friends is one of the simplest and easiest things you can do. The friends you make here at the Ranch will last you a lifetime. You will always remember the good and the bad times, the fun and the depressing times. A friend is always there to lend a helping hand in times of trouble. Even though most of us go our separate ways after high school graduation, you can be sure that a friendship will not be tarnished or worn out by time. The special bond between two people is unbreakable, even through the test of time.

Through the three years of high school, we made our various friends, fought and battled, and made up to further strengthen the friendship. Some of us discovered "the other half", the person we just could not live without. For these fortunate people, high school was a time of fun and highlights.

STAR SMILES

Friends are some of the most important things a person has during their high school years. Friends are fun to be with at pep rallies and to eat lunch with. They are great for gossiping and sharing secrets. Friends are there when you need a shoulder to cry on, to be cheered up, or just someone to talk to. But the best thing about friends is that they like you for who you are, not what you are, and that makes them special.

Flashing their "pearlies" are **Norma Ortega** and **Lorena Calderon**.

NEXT YEAR!!

As the Juniors have been busy completing their second to their last year in high school, they have enjoyed all the fun activities that are offered to them. But not only are the Juniors thinking of today, they are getting excited about becoming Seniors next year. They'll work hard over the summer to make next year's sports, cheerleading, and other activities better than ever. From then on they'll have many things to look forward to such as taking Senior class pictures, their last prom, and most important graduation.

During Homecoming week, all of El Rancho's students are eagerly anticipating the week's activities. This year the eagerness of the Juniors paid off. For this class, the Homecoming Games were one of the highlights of the year. The juniors dominated the games by placing first in the obstacle course, the sack race, and the pie-eating contest. The Juniors proved that they had not lost their competitiveness and were confident about the night pep rally that was coming up in a couple of days.

Doing the pajama party strut are **Valerie Gomez, Elvia Rivera,** and **Larry Luna.**

JUNIOR NIGHT FEVER!

As pajama parties and Rambo look-alikes, the Juniors show their spirit at the night pep rally.

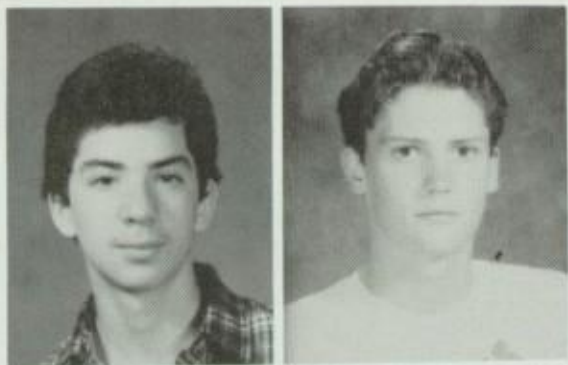

Fun was the word to describe El Rancho's Homecoming week. Every member of each class worked hard to come up with a creative, original, and attention grabbing theme for the night pep rally. The Juniors were no exception. They put on night-shirts, pajamas, and slippers to attend the pep rally. They looked ready to get what most high school students don't get enough of — sleep! Yet, the Juniors definitely showed signs of insomnia. The confidence that the Juniors exuded most likely came from their victories at the Homecoming Games earlier in the week.

SHINING SOPHOMORE

Dear Sophomores,

I want to thank you for the effort you have put into this year at pep-rallies and other activities. Those moments when I represented you were the proudest I have had for a long time. I was equally proud when I stood in front of you at the pep-rallies and heard you yelling your heart out.

I want to say thanks to my cabinet, and to my advisor "die Frau," Mrs. Malazian for making my job a little easier and making this year successful and productive.

Respectfully yours,
Saul Rico

HERO AND HEROINES

Usually the leader of a class gets the attention. But what about the president's cabinet his right-hand men and ladies? What people do not realize is that the cabinet is a very hardworking group of individuals who deserve some attention. It is true that it is a class responsibility to compete in any activity, but it is up to the cabinet to make sure that the message gets across. The cabinet must support their president and their class in any way possible. If there are pep rally decorations to be put up or if the president needs a team for the Homecoming games, the cabinet was ready and willing. If it were not for the class cabinet, the president would have had a much bigger burden on his shoulders. The Sophomore class cabinet contributed much to the success of this class.

GIRLS JUST WANNA HAVE FUN

During the second year of high school, the Sophomores got themselves used to the day-to-day routine of the Ranch. They accustomed themselves to the little idiosyncrasies of high school life. The Sophomores knew that even in their second year of school, they could not afford to slack off in their schoolwork and in their grades. Even though the school year was still a time for them to have their fun and laughter, they also knew that they had to be serious and studious. With graduation looming ahead in two years' time, Sophomores had to seriously sit down to think and plan out their futures. Many began taking classes to prepare themselves for either the job market or college. After two years of settling down into the Ranch life, the class of '88 kept on track with the flow of things.

ANOTHER YEAR AT E.R.

For Sophomores, the second year of high school was not as overwhelming as their Freshman year. They were not as intimidated by the upperclassmen any more. The Sophomores, with their one year of seniority over the Freshmen, had the advantage of knowing which classes were more fun and interesting and they also knew the teachers a little bit better. Also, they were one year closer to off-campus lunches. With these advantages, the Sophomores could devote more time to the fun aspects of high school life such as, sports, clubs, and other activities. Yes, for the Class of '88, this year was a truly enjoyable one.

FRESHMEN

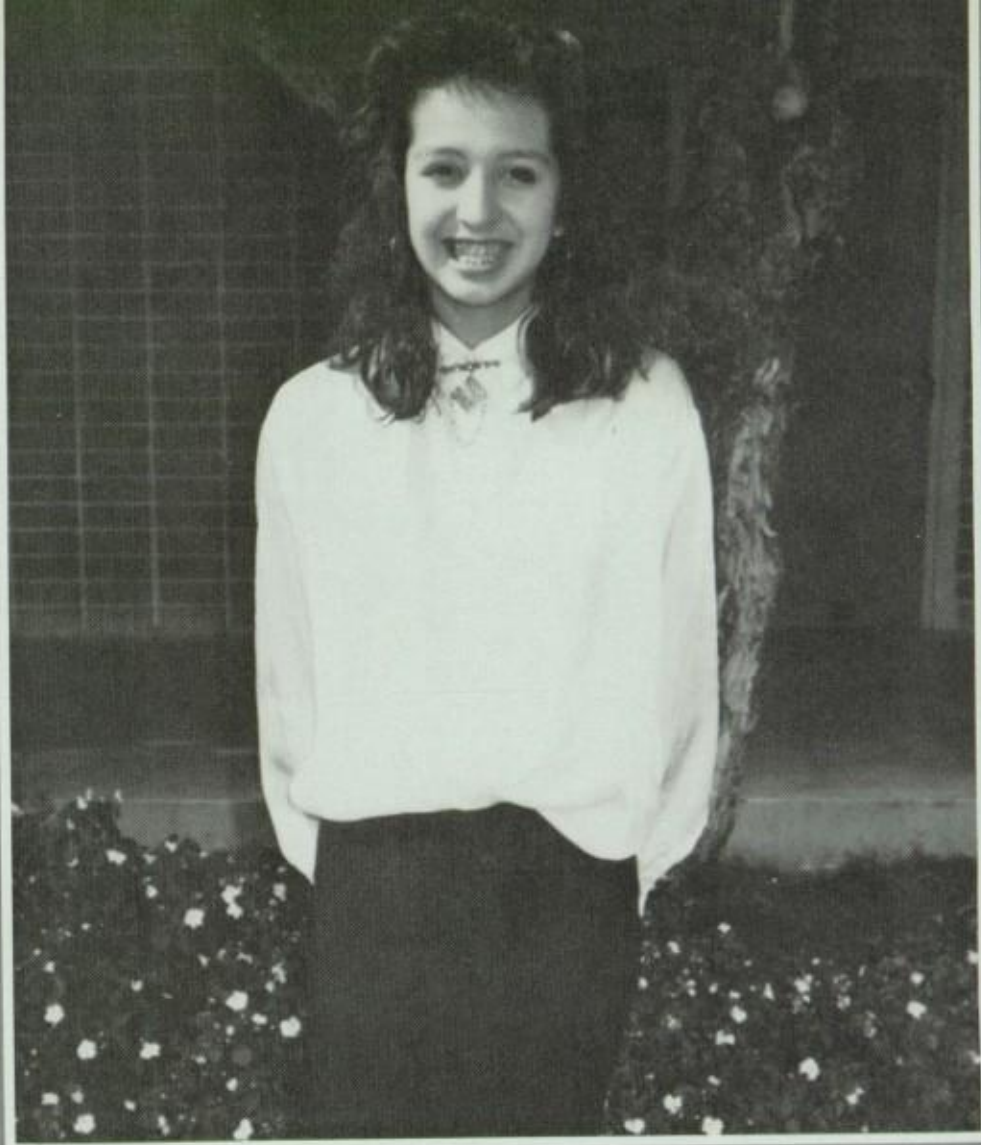

RISING NEW STARS MAKE THEIR DEBUT

Dear Class of '89,

It was a big step that we had to make from middle school to high school, but we did it. I am very proud of the Freshmen class and their pride and enthusiasm. It was these two things along with team work that gave us our victories in pep rallies and other activities.

We showed El Rancho that we could be just as great, if not better than the upperclassmen. Our first year at the Ranch has been a terrific one and I hope that we can keep our Don Pride alive to have an even better Sophomore year.

Sincerely,
Yvette Ventura

THE RIGHT STUFF

Taking E.R. by storm, the class of '89 seemed to have fit right into the Ranch atmosphere. The Freshmen class has proven to the other classes that they are the freshest new group of talent to appear at the Don studio in a long while. They have shown that they can be just as spirited and talented as the "old pros." The Freshmen have also provided stiff competition for class of the year. Despite having come from rival middle schools, the Freshmen have united and worked together as a group to win recognition from their fellow classmates. Though adjusting to high school was not an easy thing to do, the class did manage to make it through the year. One thing that the Freshmen class could look forward to was the many different clubs and organizations available as activities which the students can participate in. For the academically inclined Freshman, there were such clubs as MESA and CSF. For the athletic student, there was a wide variety of sports, ranging from baseball to wrestling, to choose from. Other activities, such as the language clubs, were also available for the interested student.

One word to describe the Freshmen class - energetic. At the pep rallies, the Freshmen can be seen screaming and yelling their hearts out. During these competition rallies, the class displayed an enormous amount of determination and effort when contending for first place at the weekly event. After cheer of the competition, there was always loud and enthusiastic cheering in the Freshmen section. The class of '89 just could not seem to stop their zest for competition. With the same enthusiasm, the Freshmen also tackled the numerous experiences of high school life in their daily routine of classes and the extracurricular activities available at El Rancho. The class also took on the three other classes, the upperclassmen, with the same energy spilling over from the pep rallies. The Freshmen class continually demonstrated non-stop energy and raw spirit in everything they did.

In this event, each class had the opportunity to match wits against each other while at the same time the students in the teams learned to work together in preparation for the battle. Every member of the team spent many extra hours working alone or together as a group. Each team had to do some extensive research in order to prepare themselves to battle it out in competition against the other three teams. THAT'S ENTERTAINMENT

At this year's Christmas Assembly El Rancho's stars really came out to shine. First to perform was the concert band directed by **Mr. Coyne**. They entertained the audience with a collection of Choraleers who sang a few songs, including a great rendition of "I Miss You." **Jose Fernandez** made a guest appearance and performed a dance routine he choreographed himself. Next was the Jazz Ensemble who performed two great numbers with perfection. The Christmas medley was a crowd pleaser, which consisted of the Drill Team, Tall Flags, and Banners. But the show stopper was the Drama presentation of "A Visit From Saint Nick" or otherwise known as "Slay Ride." The assembly came to a conclusion with a few choruses of Feliz Navidad.

A LITTLE ROMANCE

On Friday, January 10th, 1986 after the routine of a regular school day, many students donned formal gowns and tuxedos to attend El Rancho's Winter Formal dance from 8 o'clock to midnight. For the second year, the dance was successfully held off campus. This year's dance took place at the Holiday Inn Gateway Plaza in La Mirada. For most, the evening started off with dinner before the dance. After the couples had their pictures taken, they filled their evening by mingling with friends and dancing to the sounds of Ultima. The couples who attended seemed to enjoy the romantic atmosphere that the dance provided. For those who had never attended the Winter Formal in past years, the evening was an exciting surprise.

CLASS

Toni Arizmendi and Saul Rico demonstrate the sophomore shuffle.

This year's freshmen got the chance to show off their class.

This year's Night Pep Rally, often considered the rowdiest of all the rallies, was a huge success. The gym was bursting with school spirit. Colorful signs, streamers, and balloons were strung across the gym, displaying each class' pride. The Senior's "Back to the Ranch" theme was a big hit. With hay spread all over the gym floor and donning their favorite ranch outfit, the Seniors were all set to compete. The Juniors looked like they were ready to go to sleep with their "pajama party" theme. Attired in their very best flannel wear and slippers, the Juniors proved that they were very wide awake and ready to take on the other classes. The Sophomores got into the heat of things with a second place win with their "Go Hawaiian" theme. The freshmen did not let their elegant clothing get in the way of letting their spirit shine through. Their yells and cheers gave them a whopping first place in all categories. Even the parents had the chance to get in on the fun, and brought back many memories for their own high school days.

IT HAPPENED ONE

By popular demand, Winterbelle was created to fill the request of the student body for another Queen and Court. Nominations for Senior girls were left up to the winter sports teams and the House of Representatives. Excitement mounted during the game against Pioneer. At half time, the announcement of **Rosa Angulo** and **Suzette Moreno** as the princesses rang throughout the gym. Next came the drum roll which preceded the answer to the anticipated question, "Who would be Queen?" Amid the cheers and applause, **Martha Salas** was named Winterbelle Queen and

GIVE MY REGARDS TO BROADWAY

As always, class skits were another part of the ongoing battle for class of the year. The Seniors gave a winning performance based on a "Back to the Future" theme that appealed to the audience. The scene reminisced about the old days of dating and dances and came back to the present and today's dating and dances. "Moonlighting" was the Juniors' choice, presenting a scene from the hit TV series that featured "the limbo." The Sophomore skit dealt with various aspects of a school day at the Ranch. They presented scenes that involved the Dork family, peace officers, BIC, and other aspects of El Rancho. The Freshmen featured "Eye on E.R.," with a special on Mr. Little, aka **Kent** and **Brent Burk**.

Sophomores **Saul Rico**, **Andy Gallego**, and **Eddie Bravo** do a great impression of ZZ Top.

THE GREATEST SHOW ON EARTH

For thirty-three years, El Rancho girls have come together to put on a Coed Caper show. This year the theme was "A Commercial Message Just for You." The nine groups that entered the show were all under the direction of **Miss Yolanda Jauregui**. All the groups were responsible for their dance routine, costumes, and props. Many girls worked long and hard hours practicing and perfecting their routines. The groups also held various fund raisers to help out with many of the costs involved with the show. The Continuity helped move the show along after each group's performance and was a hit with the audience.

Student director **Hilda Mercado** is happily composed as she accepts the awards for 2nd place and Sportsmanship.

The achievement of 1st place is a sweet victory for Keebler leader **Annette Garcia**.

ASSISTING IN MAKING THE GRADE

Administering close to 3,000 students is no simple task. As Principal, **Mr. Sherman** has continually stressed academic improvement and good attendance. Under his tutelage, our students have prospered. Assistant Principals **Anne Sonnefield** and **Bill Bertrand** are also part of the administrative team. **Ms. Sonnefield** has had an extensive background in the area of curriculum and **Mr. Bertrand** devotes many hours to the Ranch in order to help keep students on task. The three deans complete the administration and they, too, spend much time on campus working with students to improve the total school climate.

THE ABSENT MINDED PROFESSOR?

The emphasis that the teachers place the most importance on is academics. In all the different departments that range from Foreign Languages and English to Math and Science, the entire staff of teachers are dedicated to teaching their students all they know about their particular subject. There are even some members of the teaching staff who instruct in more than one subject. These teachers are truly dedicated and want their students to learn. Through these teachers are stereotyped as being absent-minded and forgetful, they really do not fit the mold that the students place them in. True, many seem to display these traits, but it is only because the teachers are so busy and hardly have time to keep track of their many assignments and homework. It is understandable then that they may forget a few things.

TEACHERS

What is a teacher? A teacher is a person who provides knowledge in areas of many varied school subjects. An instructor not only gives students homework but is also a friend. An educator teaches many fields from English and Mathematics to Sports and Home Economics. A teacher prepares students for the future. Teachers believe that the students of today will become important members of society. The reward of teaching to them is the feeling of accomplishment.

Besides teaching such subjects as Social Studies and Math, teachers also participate in other extra activities that help round out the high school teenager. Though teachers here at school are concerned with their students' education, they also want their pupils to have fun and enjoy their high school years. Many encourage students to get involved in the clubs and organizations available to them. Some even involve themselves in such activities as the Academic Decathlon, the Sherman Debates, and Youth in Government. These teachers who work behind the scenes of these activities certainly are dedicated to the El Rancho student.

TRUE GRIT POWERED

Dedication and endurance are two essential qualities that every teacher should have in order to successfully teach a class of students. All the teachers must be able to put up with the pressures of each school day. They must also deal with rowdy and unresponsive kids while also handling sticky situations without any problems. It really is not an easy job being a teacher. Sometimes it can be very frustrating especially when a student do not pay attention in class and yet the teachers still continue on with their duties of teaching their classes everyday. To stay on their jobs, the teachers certainly exhibit a great deal of dedication to their classes and even more to their students.

Other than the staff of teachers, there are other staff members who help run the school. These people who work very much behind the scenes on campus are actively involved in keeping El Rancho on track. Whenever there is a student who is in need of assistance in either the Guidance or Activities Office, there are always secretaries, clerks, and aides to assist them. Without the staff in these offices keeping things in order, there would be utter chaos. Outside of the offices, there are other staff members who aid in running the school. These members include the cafeteria staff, the security officers, aides, and utility men.

AND THEN THERE
WERE NONE TH-
TH-THAT'S ALL,
FOLKS

The years spent at El Rancho are ones that our student body will long remember, and this year's Annual staff has tried our best to make '86 Por El Año help you hold on to your memories. Not only were the events at the Ranch important, but the world experienced some of the most dramatic occurrences our generation will ever see.

On January 27th, the space shuttle Challenger exploded before millions of horrified Americans after only being in the air for 74 seconds. At El Rancho we experienced the same grief that was felt across the country as we witnessed in our classrooms and heard from our teachers of the tragic accident. The world suffered the loss of seven astronauts, one of whom was a teacher and as such would have been the first civilian to enter the depths of space.

This was also a time for giving. El Rancho students collected over \$400 for the March of Dimes. The music industry also sponsored a 15 hour "Live Aid" concert to benefit the famine victims in Africa. This was a stepping stone for other concerts to follow such as Farm Aid, Comic Relief, and the Concert That Counts.

As for entertainment, there was plenty of it. This year's Coed Capers was a smash success with 9 groups in the show. This was the most groups we have had in the show in the past three years. We also had a celebrity at the Ranch this year as Mr. Doug Anderson made his television debut on the hit series "Cheers." At the movies, we were introduced to a new justice seeker known as Rambo, a character who made us all glad to be Americans. "Out of Africa" garnered 7 Oscars, including Best Picture. The music industry lost a legendary singer as Ricky Nelson died in a plane crash at the age of 45. We did have something to look forward to when we knew that "The Boss" would soon be in town and prove he was "Born in the U.S.A." William "The Refrigerator" Perry led the Chicago Bears to the championship of Super Bowl XX and the Don football team won the Whitmont League and advanced to the second round of the playoffs. Our waterpolo team also took the league title and participated in the playoffs.

One of the largest concerns this year was regarding the life threatening disease A.I.D.S. and how rapidly it was spreading. The public became more aware of this issue when longtime actor Rock Hudson died of the fatal illness. Even young children who were infected with the disease were forced to leave school for fear on infecting others.

One event no one wanted to miss was the arrival of Halley's Comet orbiting around the Earth. Since this phenomenon occurs only once every 76 years, this may have been the only opportunity for some of us to witness this event.

As the credits roll, the stars of the Ranch come out to take their bows and hope for a successful review of what we hope is one of the year's best productions.

GOING IN STYLE

Possibly the biggest challenge (and most definitely the biggest headache) is creating this year's Annual was the decision to use movie titles in every headline. Sometimes I thought we would go Bananas trying to fit a title with the theme of the sections. Deadlines were so hectic it was difficult for the staff to refer to one another in Terms of Enderment. As a Wild Bunch, we decided that if the book were not well received, people could Blame It On Rio. At times, it seemed that this was a Never Ending Story and we would not be able to Getaway. Nevertheless, when the last deadline was finally met, our cares were Gone With the Wind.

I would like to express my sincere appreciation to those on the staff who worked so hard to keep this from being a Jungle Book. I would especially like to thank Miss Ellis for her support and encouragement for without her, we would all have gone Stir Crazy. It is my hope the Annual will appeal to everyone - The Good, the Bad, and Ugly.
